<b>General Manager responsible:</b>	General Manager City Environment Group
<b>Officer responsible:</b>	Unit Manager Transport and Greenspace
<b>Author:</b>	Penny Gray, Traffic Engineer

**PURPOSE OF REPORT**

1. The purpose of this report is to recommend that the Board revoke the redundant no stopping restriction on the west side of Greers Road outside Bishopdale School. A separate report will be presented to the Shirley/Papanui Community Board seeking its consideration to revoke the redundant no stopping restriction on the east side of Greers Road (see **attachment**).

**EXECUTIVE SUMMARY**

2. A request was lodged with staff to look at the no stopping restrictions at the signalised pedestrian crossing point outside Bishopdale School. In June 2010 this crossing point was changed from a zebra crossing to a signalised pedestrian crossing to further assist pupils crossing Greers Road.
3. During the installation of the signalised pedestrian crossing the parking restrictions were increased on the departure to this crossing point. Site observations have confirmed that these restrictions are not required. The signalised crossing point is on a kerb build-out and therefore parked cars will have little effect on sightlines.
4. The demand for parking is during school start and finish times and the removal of the no stopping restriction will allow at least three more motorists to park outside Bishopdale School. It will also allow the resident at 450A Greers Road and any visitors to surrounding properties to park outside 450A Greers Road.
4. Consultation involved a discussion with the directly affected resident at 450A Greers Road and Bishopdale School. They are in support of the removal of the no stopping restriction.

**FINANCIAL IMPLICATIONS**

5. The estimated cost of this proposal is approximately \$200.

**Do the Recommendations of this Report Align with 2009-19 LTP budgets?**

6. The removal of road markings and signs is within the LTP Streets and Transport Operational Budgets.

**LEGAL CONSIDERATIONS**

7. Part 1, Clause 5 of the Christchurch City Council Traffic and Parking Bylaw 2008 provides Council with the authority to remove parking restrictions by resolution.
8. The Community Boards have delegated authority from the Council to exercise the delegations as set out in the Register of Delegations. The list of delegations for the Community Boards includes the resolution of parking restrictions.
9. The installation of any parking restriction signs and/or markings must comply with the Land Transport Rule: Traffic Control Devices 2004.

**Have you considered the legal implications of the issue under consideration?**

10. As above.

**10. Cont'd**

**ALIGNMENT WITH LTP AND ACTIVITY MANAGEMENT PLANS**

11. Aligns with the Streets and Transport activities by contributing to the Council Community Outcomes-Safety and Community.

**Do the recommendations of this report support a level of service or project in the 2009-19 LTP?**

12. As above.

**ALIGNMENT WITH STRATEGIES**

13. The recommendations align with the Council Strategies including the Parking Strategy 2003 and Road Safety Strategy 2004.

**Do the recommendations align with the Council's strategies?**

14. As above.

**CONSULTATION FULFILMENT**

15. Consultation involved a discussion with the directly affected resident at 450A Greers Road and Bishopdale School, they are in support of this scheme.

**STAFF RECOMMENDATION**

It is recommended that the Fendalton/Waimari Community Board:

- (a) Revoke the following parking restrictions:

That any existing parking restrictions on the northwest side of Greers Road from its intersection with Paprika Street and extending in a southwesterly direction for a distance of 141 metres be revoked.

- (b) Approve the following:

That the stopping of vehicles be prohibited at any time on the northwest side of Greers Road commencing at a point 96 metres southwest from its intersection with Paprika Street and extending in a south-westerly direction for a distance of 43 metres.

The Club has therefore submitted an application to the Discretionary Response Fund for the upcoming season and is seeking a contribution towards the cost of hiring the grounds at Westburn School. The Club intends to use the track for Club nights and training which are held on Monday, Wednesday, Thursday and competitions in the weekends.</p> <p>The Club are also applying for costs towards their coaching programme for all their members. This covers 'run, jump, and throw' training for their 'minis' (4 to 6 year olds) through to specialist coaching in events such as high jump, discus, shot put and hurdle. The coaching aims to be fun, safe and enable children to keep improving their athletic abilities and confidence. Coaching is available to all members on the Club and squad nights and for those competing in the Canterbury Children's Athletics Association Interclub meetings every weekend during the summer. The Club have submitted the necessary quotes for their application.</p> <p>Funding assistance with this project will help keep subs at an affordable level, especially for those low income families or families that have several children involved in the sport.</p> <p>This is a split application: Fendalton/Waimairi: 55% Riccarton/Wigram: 45%.</p>
