

RESOURCE MANAGEMENT ACT 1991

CHRISTCHURCH CITY COUNCIL PUBLIC NOTIFICATION OF APPLICATION FOR RESOURCE CONSENT

Details of the application for resource consent listed below, including the applicant's assessment of environmental effects, may be examined during normal office hours at any of the Council's Service Centre offices, or on the Council's website (refer link below). For details of your nearest Service Centre, please telephone 941 8999.

Submissions must be made in writing on Form 13 or similar, and will be received at any Council Office until 5:00pm on Tuesday, 29 October 2013. The address for the Council's Civic Offices is PO Box 73013, Christchurch Mail Centre, Christchurch 8154. A copy of every submission must also be served on the applicant. The submission form is available on the Council's website or at any Council Office.

1. ADDRESS: Wairewa / Lake Forsyth

CONSENT SOUGHT: Land use consent

PROPOSAL: To manage the opening of Wairewa / Lake Forsyth to the sea to avoid flooding, and for ecological and cultural purposes.

The proposal involves opening Lake Forsyth between the southern end of the lake and the South Pacific Ocean. The proposal is for two opening locations located between Birdlings Flat and the south-western edge of Banks Peninsula. For the time the lake is open, access between Birdlings Flat and the south-western part of the Banks Peninsula via Bossu Road is prevented.

The location of the two proposed openings are:

- the mid-beach opening at the southernmost point of Wairewa / Lake Forsyth – this is where the lake has historically been opened for Lake level management purposes; and
- the canal opening located adjacent to Bossu Road and the sea cliffs, on the south-western edge of Banks Peninsula, where openings have been undertaken more recently.

Resource consent is required due to the following works:

- Earthworks associated with lake opening and closing in the Lake Zone.
- Earthworks in the Rural Zone and within a Coastal Natural Character Landscape and Outstanding Natural Landscape.
- Potential excavation/disturbance of an archaeological site.
- Potential exceedance of noise limits for the Rural and Lake Zones, associated with the activities above.
