RAWHITI DOMAIN CHANGE OF CLASSIFICATION

This is public notice in accordance with the requirements of section 24(2)(b) of the Reserves Act 1977 that the Council is proposing to change the classification of part of Rawhiti Domain from Recreation Reserve to Local Purpose (Utilities) Reserve – see schedule A. The proposed utility reserve fronts onto Keyes Road.

The area that it is proposed to change the classification of has a sewage pump station, Orion 11 Kva sub-station, these being built many years ago, and two potable water supply wells, pump station and associated infrastructure built on it, permission for the latter being granted under the Canterbury Earthquake (Reserves Legislation) Order 2011 to enable it to be built quickly to replace badly earthquake damaged potable water supply infrastructure.

There is a need to put a permanent occupation right in place for the potable water supply infrastructure before the powers under the Order end on 18 April 2016. The opportunity is also being taken at this time to put a permanent occupation right in place for the two adjacent, already built, utilities mentioned above.

Schedule A

1922 square metres of Pt Reserve 1579 Survey Office Plan 2573 of 35.9107 hectares being part of Certificate of Title 269402 a classified recreation reserve vested in the Council.
