

10. NEW BRIGHTON WHALE POOL - OPTIONS FOR SHADE COVER

The Parks and Waterways Area Advocate provided the Board with options for shade cover over the whale pool at the New Brighton Park playground. The Board **resolved**:

1. That the information be received.
2. To endorse the recommendation of the Board meeting held on 16 February 2004 that the Greenspace Unit be asked to develop a policy on shade cover for playgrounds citywide, and specific investigations be undertaken of shading options at Thomson Park, Broad Park and the New Brighton whale pool.
3. To allocate \$5,000 from the 2003/04 Discretionary funding towards shade sails for the whale pool at the New Brighton Park playground, and that the remainder of the funding be sourced jointly from local community groups and the Greenspace Unit.
