If you have more than one submission point, please attach an additional sheet.

The increased amount of traffic for Memorial Ave residents in a 60K residential area. The problem of parking, which is already difficult due to the technology park, off Pussley Rd, would be made worse even if parking is on site, as workers don't seem to use it in the other technology park. Environmentally it is good to have an open space in the city area and this should be protected for bird and insect habitat and uninterrupted views of the Mountains. It is also a very neat barrier combined with the Pussley Golf course between residential & commercial activity of the airport.

The decision I seek is that the provision:

Be retained Be deleted Be amended as follows (please provide the details of the particular amendments you are seeking to the plan change):
